## N Female Bulkhead to MCX Plug Right Angle Semi-Flexible Precision Cable 18 Inch Length Using PE-SR405FL Coax, RoHS

## TECHNICAL DATA SHEET

Pasternack's formable cable assemblies are hand formable semi-rigid replacements that are an alternative to costly preformed assemblies. The formable semi-rigid cable alternatives are dimensionally and electrically similar to their semi-rigid counterpart and have a tinned-copper-braid outer shield that provides excellent RF shielding. The hand formable cable assemblies from Pasternack do not require special tooling to shape or reshape the assemblies and can replace standard semi-rigid versions. The assemblies are available with or without a FEP jacket and are RoHS compliant,

## Features

- Dimensionally and electrically the same as standard solid outer conductor semi-rigid coax
- Cable may be formed by hand and does not require special tools to bend
- May be formed more than once without damaging the outer conductor

## How to Order

Part Number Configuration:

Example: PE39449-18-12 = 12 inches long cable PE39449-18-100cm = 100 cm long cable

N Female Bulkhead to MCX Plug Right Angle Semi-Flexible Precision Cable 18 Inch Length Using PE-SR405FL Coax, RoHS from Pasternack Enterprises has same day shipment for domestic and International orders. Our RF, microwave and millimeter wave products maintain a 99\% availability and are part of the broadest selection in the industry.
