Fixed Break-Over Torque Wrench With 5/16 Bit For 3.5mm, 2.92mm, 2.4mm, SMA Connectors Pre-set to 8.1 in-lbs

### Torque Wrenches Technical Data Sheet

#### PE5019-1

**Features**
- Break-over design prevents over-torquing
- Blue anodized aluminum handle
- Each break-over torque wrench comes secured inside a labeled wooden box

**Applications**
- Attaching test cables in lab environments
- Final production attachment
- Field install and testing applications
- Applying accurate torque
- Preventing over torque

**Description**
PE5019-1 is a break-over type torque wrench with 5/16 bit for 1.85mm, 2.4mm, 2.92mm, 3.5mm and SMA connectors with a preset value of 8.1 in-lbs. Pasternack’s PE5019-XX break-over torque wrenches allow accurate mating force when assembling and disassembling a variety of RF coaxial connectors. The unique feature of break-over torque wrenches is that they will “break” at the pivot point once the preset torque value is achieved, effectively preventing the user from over tightening the coupling nut on the connector. Our break-over 1.85mm, 2.4mm, 2.92mm, 3.5mm and SMA torque wrenches are lab-quality tools made with a durable nickel-plated steel alloy wrench head connected to a lightweight, blue anodized aluminum handle.

**Configuration**

| Weight | 0.53 lbs [240.4 g] |
| Handle Color | Blue |
| Wrench Head Material | Steel |
| Wrench Head Plating | Nickel |
| Handle Material | Blue Anodized Aluminum |

**Compliance Certifications** (see product page for current document)

**Notes:**
- Do not use on damaged connectors.
- To improve performance of a wrench that hasn’t been used recently, actuate the wrench by clicking the wrench head back and forth several times before use. This will spread the lubricant through the internal mechanism.
- Break-over type torque wrenches require smooth consistent application of force. Each torquing action should be completed within 2 seconds. Slower or faster torquing action will detract from accuracy.

Fixed Break-Over Torque Wrench With 5/16 Bit For 3.5mm, 2.92mm, 2.4mm, SMA Connectors Pre-set to 8.1 in-lbs from Pasternack Enterprises has same day shipment for domestic and International orders. Our RF, microwave and millimeter wave products maintain a 99.4% availability and are part of the broadest selection in the industry.
