

## Commercial Grade TNC Male to TNC Female Adapter

### PE910087

#### Configuration

- TNC Male Connector 1
- TNC Female Connector 2
- 50 Ohms Impedance
- Commercial Grade Design
- Straight Body Geometry

#### Features

- Gold Plated Brass Contact

#### Applications

- Connector Saver
- General Purpose Test

#### Description

Pasternack's PE910087 TNC male to TNC female adapter is part of our full line of RF components available for same-day shipping. Our TNC to TNC adapter has a male to female gender configuration in a commercial grade design. PE910087 TNC male to TNC female adapter operates to 1 GHz. The PE910087 Pasternack RF adapter can also be used as a connector saver to extend equipment life.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

#### Electrical Specifications

Description	Minimum	Typical	Maximum	Units
Frequency Range	DC		1,000	MHz
Impedance		50		Ohms
Operating Voltage (DC)			500	Vdc

#### Mechanical Specifications

##### Size

Length	1.24 in [31.50 mm]
Width	0.57 in [14.48 mm]
Height	0.57 in [14.48 mm]
Weight	1.60 lbs [725.75 g]

Description	Connector 1	Connector 2
Polarity	Standard	Standard
