

SMPM Size 12 D38999 Contact Socket to SMPM Size 12 D38999 Contact Socket Cable Using PE-SR405FL Coax with HeatShrink, LF Solder

PE3M0415

Configuration

- Connector 1: Push-on Mini SMP Socket
- Connector 2: Push-on Mini SMP Socket
- Cable Type: PE-SR405FL
- Coax Flex Type: Formable

Features

- Max Frequency: 20 GHz
- Can be installed in all D38999 size 12 inserts
- Lot traceability
- High speed RF cable assembly

Applications

- Military and Aerospace
- Avionics
- Industrial Automation

Description

The PE3M0415 from Pasternack is a D38999 cable assembly that is built with a size 12 mini SMP Socket contact on one end and a mini SMP Socket connector on the other. Pasternack MIL-DTL-38999 (also known as D38999 or 38999) coaxial cable assembly products are used in applications requiring high quality such as laboratory RF test and measurement, rugged and designed for defense/military, production environments, general use, etc. This mini SMP to mini SMP cable assembly is a part of one of the largest selections of same-day ship coaxial cables for RF, microwave, and millimeter wave interconnect solutions. This high frequency D38999 cable assembly operates at a maximum frequency of 20 GHz.

This radio frequency cable assembly can withstand temperatures ranging from -55 to 125 degrees C. Our mini SMP Socket to mini SMP Socket cable has a maximum VSWR of 1.4:1. This formable RF cable assembly with a 0.5-inch diameter has copper clad steel as the cable's inner conducting material and PTFE dielectric type. The PE3M0415 in-series RF cable has 0.78 inches of repeated minimum bend radius.

Mini SMP Socket to mini SMP Socket cable assembly is built with PE-SR405FL, which is a flexible coax type. The Pasternack PE3M0415 formable cable assembly has a 50 Ohm impedance and is single shielded. Additional dimensions, specifications, and CAD drawings for this mini SMP to mini SMP RF cables are available on our downloadable PDF datasheet.

Mini SMP Socket to mini SMP Socket cable assembly is just one of more than one million in-stock RF products available. Pasternack is where to buy high quality custom RF cable assembly products for rugged and MIL-STD designed military/defense, aerospace, outdoor and harsh environment, microwave and millimeter wave radio transmitter receiver, component inter-connection and more for RF test & measurement labs, telecom, phase stable, phase and delay matching, and other radio frequency applications can be manufactured. Variations of mini SMP cable assemblies can also be built and will ship on the same day as well, search this website or contact us for assistance. For further information on similar products, our expert technical support and trained sales team can get you the ideal mini SMP to mini SMP RF cable assembly as per your requirements.
